

Johnna's Recommendations

Coffee houses come a dime a dozen, right? There's just so much you can do with a cup of Joe, am I correct? My narrow-minded brain has recently been converted after I visited Streetside Coffee Company. Yes, the one directly across the street from The Views!

Are you looking to venture out, maybe just a little? Tantalize your tastebuds from the boring black cup of stimulation you have day-in-day out for breakfast? Need that go-to spot when company is in town that is convenient? Well, treat yourself to one of Streetside's coffee delights and sweet or savory food items. What makes them different? Besides their wide variety of homespun delectable coffees, teas, pastries, stuffed croissants, scones, and made-to-order breakfast bagel sandwiches, this locally owned coffee house offers out-of-the-ordinary options like their Vanilla Vodka Boozy or Bourbon Boozy Cold Brew, mimosas, and craft brews. They boast a laid-back comfy atmosphere where you can relax, enjoy live music or open mic days or enjoy a LHC afternoon on their expansive patio.

I chose to go with their homemade broccoli quiche and caramel macchiato made with their Organic Sir Friedrich brewed coffee. Wow! The quiche was a good size portion of fluffy egg, cheeses, bite-size pieces of broccoli, and a soft, flaky crust precisely baked. As for the cold coffee, I could actually taste individual ingredients in the coffee. Perfection!

It's about trying something different in YOUR town!
Owner's Pick: Tea – Tropical Sky (add pineapple syrup to enhance flavor. Teas come unsweetened).
Coffee – Smore's Cold Brew

"There is nothing permanent except change." Heraclitus
Things are changing. The season has changed – fall is here. We are changing our operating system to a more streamlined program for your monthly lease payments. We will no longer accept credit card payments at the office. You can still pay your rent with a card; you will just need to register on our Portal and pay there. We will still accept checks in the drop box. If you are on auto-draft, those payments will be unchanged. Another change will be how we disseminate information. We are going to drastically reduce the number of paper flyers we send out. This practice is wasteful and unsustainable. Instead, we will send out announcements via the Portal. The Portal, in turn, will send out email notifications to you. We will still have a paper calendar in the Activities Room as well as on all our monitors.

You can always ask staff what is on the agenda for a particular day. I firmly believe our new system will make us more efficient and cost effective. I appreciate your patience as we fully implement our system. As we approach the Thanksgiving Holiday, take a moment to realize everything there is to be thankful for. I am thankful for you. I am thankful to be here as a part of The Views team. I am thankful I live in this amazing city, within this amazing state which is in the best country in the world. I am thankful for all the veterans who have secured our freedoms throughout our shared history. There is always something to be thankful for. As always, my door is open. Stop by – if only to say hi.
